

A PENGUIN'S DREAM

Giulia Maggi, illustrated by Andy Westface

May 2017, first edition

Once upon a time there was a penguin who dreamt of marvellous stories, populated by fantastic animals...

That's right, because anything can happen in our dreams. A penguin meets a peacock whose tail is a sky full of stars or listens to the melody played by a sweet GiraffePiano and a crocodile with his loud electric guitar.

This is the story of a penguin's amazing journey in an extraordinary dreamland. Readers are lead through surprising encounters and unforgettable experiences by a bunch of extravagant and unique animals. Together with them it's possible to surf a multicolour wave and play in the snow, fly and jump. It doesn't take much to have fun! This sweet and amusing tale, along with its joyful illustrations, will gladden everyone's heart and stimulate children's imagination.
